

Compact and quiet for bathrooms and living spaces.

Wood's MRD10 fits almost everywhere thanks to its compact design and low weight. With the practical handle, you can easily move the dehumidifier to where it's most needed at the moment. The MRD10 exhausts dry air on its top that blow-dries the laundry. Its many advantages make the MRD10 ideal for bath rooms and laundry rooms but also for living spaces and boats.

Wood's MRD10

Wood's MRD10 is easy to install and operate, and will quickly lower the ambient humidity and remove mildew and moisture. Wood's MRD10 will run only when needed, and automatically shut off and restart depending on the ambient humidity. Further, the MRD10 will shut off automatically when the temperature drops below +5°C, to prevent icing. When the temperature rises, the dehumidifier restarts automatically. The MRD10 is a good choice for bathrooms, living spaces, laundry, boats, caravans, or similar areas.

Advantages:

- For bathrooms, living spaces, boats etc.
- Removes excess moist and bad odour
- IP-rated for tough environments
- Hose connection for direct drainage
- Automatic defrost
- Easy to move and install
- Runs only when needed
- Generates more heat than it consumes power
- Energy efficient and quiet
- Up to 3 years warranty

Technical data

Max. working area	40m ²
Recommended area	2-30m ²
Airflow	100 m ³ /h
Capacity at 20°C & 70% RF	5 litres/day
Capacity at 35°C & 80% RF	10 litres/day
Power at 20°C & 70% RF	176 W
Power at 35°C & 80% RF	220 W
Working interval	+5°C to +35°C
Tank volume	2,7 litres
Fan speeds	1
Dimensions (mm)	190x305x483
Weight	9 kg
Sound level	46 dB
Cooling media, freon free	R134A (110 g)
IP Rating	IP22 (X2)

Water tank and hose connection on the back!
