Wood's ELFI 150

Wood's ELFI 150 is a very compact and silent air purifier, ideal for bedrooms and smaller apartments. It is delivered with the patented Active ION HEPA filter, which ensures great air flow without compromising with power consumption or noise levels. The ELFI 150 will provide you with clean and healthy air, day and night, without disturbing your sleep or leaving any traces on your energy bill.

The Wood's ELFI 150 can be used both wall mounted and freestanding (legs available as accessory).
